His Excellency, Richard W. Riley
Governor
State of South Carolina
State Capitol
Post Office Box 11450
Columbia, South Carolina 29211

Dear Governor Riley:

Pursuant to statute, we respectfully submit herewith the Seventy-Sixth Annual Report of the South Carolina Department of Insurance covering the period of July 1, 1982, through June 30, 1983. As a part of this Report, the South Carolina Insurance Commission has included a number of Legislative Recommendations for changes in the Insurance Statutes of South Carolina. It is the Commission's judgment that the enactment of these Legislative Recommendations will enhance the ability of the Department of Insurance to better regulate the business of insurance in the interest of the consuming public of South Carolina. These proposals, along with the activities of the Department of Insurance and all of the licensed insurers in the State of South Carolina, are summarized on the following pages of this Report.

The Insurance Commission and the Department of Insurance stand ready to assist you and the Members of the General Assembly in the common pursuit of fulfilling our statutory responsibilities.

Respectfully submitted,

THOMAS E. ROGERS, JR.
Chairman
South Carolina Insurance Commission

ROGERS T. SMITH
Chief Insurance Commissioner

SOUTH CAROLINA INSURANCE COMMISSION'S LEGISLATIVE RECOMMENDATIONS FOR 1984

1. *Enact a "Recoupment Bill" Which Would Assure That Losses Sustained Through the Reinsurance Facility Would Be Recouped Annually.*

It is recommended that a bill be enacted which would allow Automobile Insurance Companies to recoup annually their losses sustained through the operations of the Reinsurance Facility. Such a recommendation would include a provision that after a public hearing to be held annually, the Department would establish a specific dollar amount to be collected by all Automobile Insurers for each private passenger automobile insured by them, to offset the losses of the Reinsurance Facility for the previous twelve months. The dollar amount for such recoupment would be the same for each insured automobile no matter which company the vehicle is insured by and would be considered premium and subject to premium taxes, commissions and standard earning procedures.

After the passage of the bill, future Private Passenger Automobile rate filings would be based solely on the experience of the individual company's voluntary book of business and would not include an increase in rates to "recoup" the company's past Reinsurance Facility losses as allowed today.

2. *Enact an "Index File-And-Use" Rating Bill Based on an Economically Sound "Cost Indicator" for Private Passenger Automobile Insurance.*

In the interest of encouraging competition among insurers, the South Carolina Insurance Commission proposes to examine automobile rate filings under a new Index File-And-Use rating law. Under the current "Prior Approval" rating law, no automobile rate filing submitted to the South Carolina Insurance Department may become effective without the express approval of the Chief Insurance Commissioner. The Index File-And-Use rating law would permit those automobile rate filings, containing proper supporting data and which do not produce a total premium increase in excess of the published Insurance Department "Cost Indicator", to become effective thirty days after the date of filing. The Insurance Department Cost Indicator would be a composite measure of the various costs contained in providing automobile insurance coverage in South Carolina and would be derived from several relevant economic indicators.

Other automobile rate filings whose premium increases exceeded the Cost Indicator, as well as filings containing supplementary rate information such as rate manuals, rate schedules and rating rules, would still require the express approval of the Department before they could become effective. In other words, the current Prior Approval rating law would still apply to these automobile rate filings.

3. *Seek a Permanent Provision Directing the Department to Assess Automobile Insurers for the Cost of the State Rate and Statistical Division Acting in the Capacity as the Statistical Agent for Such Insurers.*

Act 1177 of 1974 directs that the State Rate and Statistical Division shall act as the statistical agent for insurers engaged in the Automobile Insurance business in South Carolina. Prior to 1981, it was contended that the Department did not have the express statutory authority to assess insurers for the cost of this division; however, the General Assembly did expressly enact such specific authority in the Temporary Provisions of both the 1981, 1982 and 1983 Appropriations Acts. The Circuit Court has held that the delegation of such authority by the General Assembly to the Chief Insurance Commissioner to assess insurers for these expenses was not a delegation of the General Assembly's taxing authority in that the Department was merely called upon to perform the administrative function of collecting the assessment.

4. *The Statutes Pertaining to Cancellation or Refusal to Renew Policies of Automobile Insurance Should be Consolidated and Made Uniform.*

The subject of cancellation or nonrenewal of an automobile insurance policy is dealt with in no less than four different places in the Code, and the provisions relating to cancellation or nonrenewal are confusing and, in some cases, clearly contradictory. For example, South Carolina Code § 38-37-1440 clearly limits the reasons for cancellation to nonpayment of premium and loss of driver's license, while South Carolina Code § 38-37-1310 seems to permit cancellation for a wide variety of reasons. Another example is that Code § 38-37-1450 requires fifteen days' notice of cancellation for a liability policy, while Code § 56-11-730 would seem to require thirty days' notice of cancellation for a physical damage policy, even though Act 1177 requires the availability of packaged liability-physical damage policies. Because of these and other examples, the Department feels that the provisions of the Code pertaining to automobile insurance cancellation or nonrenewal should be consolidated and made uniform, with unnecessary or contradictory provisions being repealed.

5. *The Chief Insurance Commissioner Should be Authorized to Hold Public Hearings on any Matter Which He Deems to be in the Public Interest or Necessary to the Administration or Enforcement of the Insurance Laws of South Carolina.*

Throughout the Insurance Code there are specific statutes authorizing the Chief Insurance Commissioner to hold hearings with respect to particular matters. There is not, however, any statute which generally authorizes the Chief Insurance Commissioner to convene public hearings on matters which he deems to be in the public interest or in matters in which a public hearing would assist in the administration or enforcement of the insurance law. The Department believes that such general authority would be beneficial, since the rapidly changing nature of the insurance business often fosters the introduction of new products or practices within the industry which were not even contemplated at the time the Insurance Code was enacted. The authority to bring to public light insurance matters affecting the public and the industry alike, as well as matters not strictly involving insurance but directly affecting insurance, would, in the opinion of the Department, assist the Commissioner in the discharge of his duties. Consequently, it is recommended that general authority to hold any hearings on matters which the Commissioner deems to be in the public interest or necessary to the administration of the insurance laws be adopted.

6. *To Provide for the Regulation of Credit Property Rates Under the Consumer Protection Code in the Same Manner as Credit Property Rates Under the Consumer Finance Code.*

Prior to the passage of the Consumer Protection Code, all Credit Property rates were regulated under the Consumer Finance Act. The Consumer Protection Code created a new type of lender's license, that is, any lender issued a loan for more than $7,500 would be a "supervised" lender. The Consumer Protection Code did not provide for the regulation of insurance rates for "supervised" lenders even though most of their loans would be for amounts less than $7,500.

In essence, the exposure to the insurance company is the same, regardless of the license of the lender. However, the rates are not the same, mostly due to the regulation provided for the restricted category. We hope to remedy this anomaly by this proposal, which would include Property Insurance in the definition of Consumer Credit Insurance and would provide for a minimum loss ratio in order that Credit Property rates written under the Consumer Protection Code be regulated in the same manner as Credit Property rates written under the Consumer Finance Code.

7. *Amend Section 38-51-110 to Eliminate the Examination Requirement for Credit Life, Credit Accident and Health, and Credit Property Agents.*

Annually, hundreds of persons take written examinations to become licensed by the Department of Insurance to sell the limited lines of credit life, credit accident and health and credit property insurance. Persons selling these types of insurance have no opportunity to exercise underwriting expertise or otherwise demonstrate the knowledge and abilities normally considered to be necessary for insurance agents. These persons, in effect, only "take orders" for a limited form of insurance and only fill in the necessary blanks on the application. Our neighboring states of North Carolina and Florida license credit insurance agents without examination; Georgia requires only an "open book" examination. The Department feels that for these limited lines of insurance, applicants should be licensed without the requirement of a written examination.

8. *Section 38-5-370 be Amended to Authorize the Preparer of the Fee and Tax Return to Sign in Lieu of a "Chief Executive Officer."*

The Department is generating an enormous amount of correspondence to companies in order to have the executive officer sign Fee and Tax Returns. Often the actual preparer of such returns is not the executive officer, and when our Analysts have a question about the return, a telephone call is placed to the executive officer who is, in turn, usually unfamiliar with the details of the return. The call is then referred to the preparer causing unwarranted delay and confusion. It is recommended that this unnecessary statutory requirement, that the Chief Executive Officer sign the Fee and Tax Returns, be amended to allow the responsible and appropriate employee of the company to do so.

9. *Enact a Statute Which Would Clearly Define Which Insurance Carrier Covers an Employee When One Group Insurance Policy Replaces Another.*

With today's economic climate, it appears that many businesses, both large and small, are "shopping around" for group policies for their employees, and in many cases, switching to those companies, "trusts" or plans that offer what seems to be the best coverage for the lowest price. Many times, in the shift from one insurance company to another, persons suffering illnesses, pregnancies or disability are left "out in the cold" when their coverage is denied by both the old insurer and the new insurer. An example is an employee who is on disability when the "old" group is terminated and the "new" group issued. If the new group provides that

coverage begins on the effective date of the policy or the date that the disabled employee actually returns to work, and if the old group does not have "continuation of benefits" for the disabled employees, the employee would not be covered by either group policy. In addition, there are a number of other technical problems inherent in one group replacing another that sometimes work toward the detriment of the employees. These problems are addressed in detail in a National Association of Insurance Commissioners Model Bill and Regulation and it is suggested that the "Model Bill" be enacted, with the "Model Regulation" to follow at a later date.

10. *Amend the Consumer Protection Code and the Consumer Law so as to Increase the Benefit to Premium Ratio for Credit Life Insurance.*

South Carolina is one of four states, including Alabama, Mississippi and Louisiana, that allows by statute the highest rate in the nation for this type of insurance — a rate of $1.00 per year per $100 of original decreasing loan balance. This premium has consistently generated a benefit-to-premium ratio of only 18 to 26 percent. The same insurance is sold in other states for as low as 40 cents per $100 of insurance per year with 35 states allowing a charge of only 60 to 75 cents. It is recommended that these laws be amended so as to make Credit Life insurance subject to a given percent benchmark loss ratio, perhaps the same as Credit Accident and Health and Property insurance, or at least mandate a premium at a fixed amount which would allow this insurance to be purchased by our citizens at a rate that is more in line with the rate paid by citizens of most other states.

11. *General Revision of Title 38 of the 1976 Code of Laws of the State of South Carolina, as Amended (Insurance Code).*

Nearly thirty years have elapsed since the last revision of our insurance statutes as a whole. In 1947, that massive effort was prompted by the Supreme Court decision which eroded State regulation of insurance and resulted in Public Law 15, which restored to the States the continuing power to regulate insurance in the absence of Congressional action. While there have been many substantive changes in our law since 1947, we believe that current conditions dictate re-examination of the entire body of insurance laws and regulations in the development of a new insurance code.

The proposed project involves extensive preparation and study, numerous conferences, some cost and a considerable expenditure of time on the part of the Insurance Department staff, the insurance industry and the General Assembly.

12. *Amend Section 38-9-190 to Clarify This Statute Relating to the Application of Coinsurance Clauses to Partial Losses Covered by Fire Insurance Policies.*

Section 38-9-190 currently reads in part, that ". . .in the case of a partial loss the insured shall be entitled to recover the actual amount of the loss, but in no event more than the amount of the insurance stated in the contract." Recently, a number of insurance carriers have begun to apply coinsurance penalties to those policies which are not insured to at least 80 percent of the value of the property. In effect, a coinsurance clause provides that in the case of a partial loss, if the property is not insured to a certain percentage of the total value of the property, the policy will not pay the actual amount of the loss, and the insured must make up the difference between the percentage insured for and the amount the insurance carrier will pay. The Department is convinced that this is not the intent of Section 38-9-190, and it is recommended that this Section be amended to include a statement that "such partial loss shall not be reduced by the application of any coinsurance clause."

13. *Amend Section 38-37-150 of the Code to Provide That No New Automobile Insurance "Designated Producers" be Appointed.*

With the adoption of the current automobile insurance law in 1974, the General Assembly provided for the establishment of automobile insurance agencies in areas not sufficiently served by automobile insurance agents and for the continuance of certain agencies in existence when the law was passed, which were only authorized to write automobile insurance through the Assigned Risk Plan. During the nine years that the law has been in effect a large number of persons have been appointed by the Chief Insurance Commissioner as prescribed by the statute and there are presently 111 active "designated producers," as they are called, who have been assigned or designated to a company.

It is believed that the market needs throughout the State have been taken care of by these appointments and that the agencies, both voluntary and designated, currently in operation can adequately provide for the automobile insurance needs of the citizens of South Carolina. Therefore, the Commission feels that the additional appointment of any more designated agents will not be necessary and recommends that Section 38-37-150 be amended to allow these agencies already in existence to remain so "designated," while removing the authority for the appointment of new "designated producers." The provision within this same section that provides for the transfer of the designation upon the agent's death, retirement or incapacitation will remain in effect.

14. *Enact a Statute Requiring That Third Party Administrators of Self-Insured Accident and Sickness Plans be Licensed in South Carolina.*

Section 38-5-470 gives an employer the right to be a self-insurer for accident and sickness benefits, and often, third party administrators are hired to administer these plans on behalf of the employers who have no insurance experience or expertise. Sometimes these third party administrators entice employers to become self-insured by luring them with the promise of saving money by eliminating premium taxes, agent's commissions, and being able to earn investment income on monies which would otherwise go to paying premiums to an insurance company. Unfortunately, some "third party administrators" often times end up by charging employers higher administrative fees than would be charged if an insurance company was to administer or actually underwrite the plan. Fortunately, the existence of questionable third party administrators has not been a major problem in South Carolina but other states have had problems which have left self-insured plans insolvent with millions of dollars of unpaid health claims. This recommendation would merely require that all such administrators, except authorized insurers, be licensed with the Insurance Department and be required to show that they are competent and trustworthy and have had no unfavorable past business experiences which would indicate that they should not be licensed to administer self-insured plans in South Carolina.
